

THARUNSABARI P

[Contact](#) | [Mail](#) | [LinkedIn](#) | [GitHub](#) | [Portfolio](#) | Coimbatore, TamilNadu

PROFILE

A dedicated and results-oriented professional, skilled in cybersecurity, business strategy, and team collaboration, with a strong ability to bridge technical and non-technical domains effectively.

EDUCATION

B.E CSE (Cybersecurity)

Sri Krishna College of Engineering and Technology
Oct 2022 - Present

12th and 10th Grade

Mahatma Montessori School- CBSE
April 2008 - March 2022

AREAS OF INTEREST

Cybersecurity | Front-End Development | Full Stack Development | Cloud Computing

SKILLS

C++ | JAVA | JavaScript | React JS | MySQL | BurpSuite | Wireshark | AWS | SpringBoot | Flask | Selenium | Linux | YARA

PROJECTS

PII DETECTOR AND MASKER

ReactJs | Python Flask | OpenSSL | YARA | OpenCV

- A software that automatically detects the PII (Personally identifiable information) embedded in a document, alerts the user and helps to secure it
- Github: https://github.com/KasthuriKrishna/PII_Detection_and_Masking.git

Areas Covered - Cybersecurity | Machine Learning | Front-End development

AI-DRIVEN BOOLEAN QUERY GENERATOR FOR HEALTHCARE

React JS | Python Flask | NLP | MongoDB | Gemini AI

- A smart tool that formulates precise Boolean queries for medical research and diagnostics, enhancing data retrieval efficiency.
- Github: <https://github.com/Sivaraman-Ravichandran/Tech-Disruptors-Boolean-query-search>

Areas Covered - Machine Learning | Full-Stack Development | Med-Tech

POLICE PERFORMANCE AND RESOURCE MANAGEMENT DASHBOARD

React JS | PHP | MySQL

- An Analytical Dashboard to look over the police performance and optimize the resource allocation.
- Github : https://github.com/KasthuriKrishna/Police_Management_Dashboard.git

Areas Covered - Full-Stack Development

ESTATE HUB - REAL ESTATE MANAGEMENT

React JS, CSS, Java SpringBoot, MySQL, Rest API

- An application with robust document verification mechanisms for fraud prevention, role-based access control, real-time communication between buyers and sellers and performance tracking dashboards
- Github : <https://github.com/Tharunsabari8/estatehub-full-stack>

Areas Covered - Full-Stack Development

GYM FITNESS APPLICATION

React JS, CSS, Java SpringBoot, MySQL, Rest API

- A comprehensive Gym Fitness Application with features for workout tracking, personalized training plans, progress monitoring, diet recommendations, and user engagement to enhance fitness management.
- Github : <https://github.com/Tharunsabari8/Gym-fitness-App>

Areas Covered - Full-Stack Development

CERTIFICATIONS

- Privacy and Security in Online Social Media, Ethics in Engineering Practice** - NPTEL
- Cloud Foundations** - Amazon Web Services.
- Introduction to Cybersecurity** - Cisco Networking Academy
- Learning React, Mastering Selenium Testing Tools, C++ for Beginners, Java for Beginners** - Infosys SpringBoard
- Fortinet Network Security Certifications (FCF, FCA, FCP)** – In Progress

ACHIEVEMENTS AND HONOURS

- Smart India Hackathon 2024** - Winner
- Karnataka State Police Hackathon 2023** - Finalist
- President** - CyberPulse (College Cybersecurity Association)
- Department Placement Coordinator**
- TechFest 2k24, Thiagarajar College of Engineering**- Winner and Special Player Award at CTF Event
- HackFest 2024, Srm Katangulathur**- IIInd Place in Hackathon and III place in Digital Nexus (Technical Connections Event)
- Cybersecurity Ideathon IIC, Sri Krishna College of Engineering and Technology** - Winner

HOBBIES

Listening to Music | Watching Anime | Playing PC Games | Playing Cricket and Badminton | Exploring New Technologies

STRENGTHS

Strong Communication Skills | Team Building | Team Player & Binding Force | Adaptability & Quick Learning
